Mail Ordering

A mail carrier dropped his bag and the mail he was delivering got all mixed up. Help him to put the addresses in order.

1. Put the addresses on Elm St. in order from least to greatest.

2. Put the addresses on Maple St. that end in an even number in order from least to greatest.

3. Put the addresses on Maple St. that end in an odd number in order from greatest to least.

4. Write the numbers of the letters addressed to Pine St. in order from least to greatest in the correct mail bags.
