

Choose a quiet place free from distractions for your child to do their nightly assignments.

Language Arts Homework will come home in a special Homework Bag. Please keep the bag at home during the week and return it on Fridays. Enjoying books, exploring print, and reading practice is an essential part of reading.

Math Homework is called Home Links. The Home Links are compiled in a unit packet. Math homework is sent home in a special folder on Mondays. Please help your child complete the homework, sign and return the homework on the due date. Math Home Links are usually assigned one unit at a time.

If homework is not returned when it is due, a Homework Alert will be sent home as a reminder to please complete and return.
