Your child will **continue** to receive instruction in our school district's language instruction educational program (LIEP), which is designed to overcome language barriers, making content comprehensible, and to help him/her develop their English language skills.

Based on the results of the annual English proficiency assessment, ACCESS for ELLs, your child has not yet demonstrated English proficiency and, therefore, continues to be eligible to participate in the LIEP.

You should have received a score report from the English assessment that provides your child's English proficiency in reading, writing, speaking, and listening, as well as literacy, oral language, comprehension, and overall proficiency. If you did not, then you may request a copy by contacting the school or your child's ESL teacher.

The specific supports and services that your child will receive in the LIEP will be based on the results from this test (initially), how well your child is doing in school, and other educational information about your child that teachers will compile throughout the course of the year.

The LIEP is designed to help your child learn English so that your child will be able to meet academic standards, succeed in school, and eventually graduate from high school. If your child has a disability and an Individualized Education Program (IEP), personnel in the LIEP will work closely with the special education staff to ensure that all supports and services are provided and that they complement each other.

The overall approach to instruction used in your child's LIEP is:

_____ Bilingual education

This includes Dual Language, Two-Way Immersion, Transitional Bilingual, and Developmental Bilingual programs: Instruction in all or most content areas is provided in both English and your child's home language.

_____ English instruction with native language support

This includes Sheltered English Instruction, Structured English Immersion, and Specially designed academic instruction delivered in English. Instruction is provided in English with some support in your child's native language and adapted to the student's English proficiency level. This instructional method is used to make academic instruction in English understandable to English learners. This will help them acquire proficiency in English while at the same time learning other academic content such as math, science, English language arts, and social studies. English language development instruction may be provided within content classes or separately by an ESL teacher as part of the program.

If direct and separate ELD classes are part of this program, your child will be scheduled for ELD instruction for _____ hours per day _____ days per week.

_____ English-only instruction

This includes Sheltered English Instruction, Structured English Immersion, and Specially designed academic instruction delivered in English. Instruction is provided in English and adapted to the student's English proficiency level. This instructional method is used to make academic instruction in English understandable to English learners. This will help them acquire proficiency in English while at the same time learning other academic content such as math, science, English language arts, and social studies. English language development instruction may be provided within content classes or separately by an ESL teacher as part of the program.

If direct and separate ELD classes are part of this program, your child will be scheduled for ELD instruction for _____ hours per day _____ days per week.

_____ Other:

All program categories listed above include supports to make content comprehensible for your child in all classes while helping him/her to develop their English skills.

You have a right to refuse your child's participation in certain specialized and separate components of the LIEP. This right is explained on another form that will be provided to you by the district at the time of enrollment.

Title III Participation (*complete only if the district receives Title III funding*)

Our district receives funding from the United States Department of Education under a program called Title III. This program provides funding for supplemental services that enhance the existing LIEP in the district. The district uses Title III funds for the following activities:

You may elect to opt your child out of any Title III activities that are not integrated into the academic program at the school. For example, you may opt out of after school programs, summer programs, field trips, or tutoring. However, you may not, for example, opt your child out of receiving the benefits of professional development in which all staff participate.

If you wish to opt out of any of the Title III-funded activities listed above that you may opt out of, you may request to do so, and you will be required to complete an opt out form.

Please contact the person below if you would like to request more information about the LIEP or the Title III supplemental programs available.
