Organization and Structure

1	Pre-Recorded Video Presentation Each module contains a pre-recorded video presentation that is between 15-25 minutes, as well as links to resources referenced in the video presentation.
2	Module Design The modules are intended to support educator reflection and changes to reading and English language arts curriculum, instruction and assessment practices. As a result, each module includes a warm-up question, embedded pause, reflect, record responses, and final reflection questions and/or application activities.
3	Slides, Handouts, and Scripts Presentation slides, reflection journals, handouts, and scripts are available for download and use. All materials are CC-BY 4.0 licensed, which means they can be reused/adapted as long as attribution is provided.

Intended Use

The modules were created to be used in a couple of different ways.

Individual educators	Groups of educators (PLCs, team meetings, etc.)
	

The modules can be viewed as stand alone modules and viewed in any order. That said, there is a coherent sequence of learning developed across the modules.

Summary

Solid foundation for text dependent analysis processes!
