

Personal Finance Resources for Grades K to 2

The Pennsylvania Department of Education (PDE) has identified resources to aid in developing curriculum aligned to the Pennsylvania Academic Standards for Personal Finance for students in Kindergarten through second grade. Inclusion in this list does **not** indicate an endorsement or recommendation by the Pennsylvania Department of Education. It means they were suggested by Pennsylvania educators for inclusion in this listing. Unless otherwise noted, all resources are offered free of charge. Some may require a verified educator account to access the complete resource. **Local review remains essential**—even when resources are promoted as being “standards-aligned.”

Note: All resources are listed in alphabetical order.
