

# Pennsylvania State Literacy Plan

## Data Team Meeting Guiding Questions

### Target Questions

- What outcomes do we want for our students in our district, schools, grade levels, and classrooms?
- How are we doing? What is our current level of performance?
- How far do we need to go to reach our goals and outcomes?

### Program Questions

- What do we know and what guidance can we gain from our data about the effectiveness of our programs?
- Are the programs aligned with the specific needs of the students?

### Instructional Questions

- What do we know and what guidance can we gain from our data?
- What do we do if students have reached the instructional goal? If they haven't reached the instructional goal?
- What are the critical components that need to be in place?
- What more needs to be done and what adjustments need to be made?
